In response to DRA-067-Q15, PG&E indicated that 858 employees took the computer based supplemental training. How many employees took the computer based supplemental training in 2009 and what were the associated costs?

ANSWER 2

PG&E objects to this request on the grounds that the question asks for actual 2009 data, while PG&E's request is based on 2008 recorded data. Notwithstanding the foregoing, and without waving PG&E's right to object to the admissibility of the requested information into evidence, PG&E responds as follows:

In 2009, 360 drivers took the computer-based training at a cost of \$17 each.
