QUESTION 6

Please provide the actual Regular Retirements, Cost of Removal, and Gross Salvage for 2009 as appeared on page WP-11-535.

ANSWER 6

PG&E objects on the grounds that the question asks for actual 2009 data, which is not the basis for PG&E's 2011 GRC request. Notwithstanding the foregoing, and without waiving PG&E's right to object to the admissibility of the requested information into evidence, PG&E responds as follows.

Regular retirements, cost of removal (COR) and gross salvage for the retired meters are as follows:

Year	Regular Retirement	COR Total	Gross Salvage
2009	147,850,590	50,215,382	395,867

Please note that the gross salvage amount stated above is an allocation based on the information provided in the response to DRA_200-05 (\$.24 X 1,633,235).
