Sara:

Attached is PG&E's list. This list includes all of the information we were able to pull together considering the quick turnaround. Please let us know if you have any questions.

Have a nice weekend.

Subject: Data request

Hi,

Can you please send me a list of all of your IOU's contracts under negotiation and identify whether the contract:

1. is interconnected to a CA balancing authority area,
2. is not interconnected to a CA balancing authority area and does not have the potential option of using dynamic transfer or firm transmission to a CA scheduling point, or
3. is not interconnected to a CA balancing authority area and does have the potential option of using dynamic transfer or firm transmission to a CA scheduling point?

Also, note what solicitation the project bid in to or if it is a bilateral. Please canvass the developers if you have not yet had a discussion with them about the option of using dynamic transfer or firm transmission.

We would appreciate your response by 4pm tomorrow.

Thanks,

Sara
