Subject: CPUC Energy Division EE Planning Supervisor now in place

Hi, everyone. I want to let you know that as of yesterday Simon Baker has assumed the position of Supervisor of the Energy Efficiency Planning section in my branch.

He now is your primary go-to person on all things forward-looking for EE -- portfolio oversight, future planning, strategic plan, ....

You may know Simon from his prior work on procurement planning and procurement transactions. He also was involved in navigating some of the issues between the CEC demand forecast and the issues of incremental or "uncommitted" EE in that forecast, and how this information might be used in upcoming Long Term Procurement Planning of the IOUs. Prior to his work here at the CPUC, Simon worked for a POU -- Colorado Springs, CO. There he was involved in both EE and solar program development, before also taking on resource planning duties. I think you will find that he is well positioned to bring a guiding mind to the work of the EEP section.

And thanks for your patience over these too many months when we did not have a full-time supervisor engaged in this important work.

For future contacts, please note that **you can reach Simon at [seb@cpuc.ca.gov](mailto:seb@cpuc.ca.gov) or (415) 703-5649.**

RE: your suggestion for the monthly conference call, I agree it makes sense. I forwarded to Natalie, suggesting that we plan to include the section supervisors -- Zeny and Simon on a regular basis. I am waiting to hear if the time you proposed works for them. From my side, a 1:30 or 2:00 call would work best. If it turns out we need something later in the afternoon to work for everyone, I'll look to change one of my regular meetings.

regards,

Jeanne

**Subject:** Regular Monthly  
ED/IOU Conference Calls

Hi, Natalie and  
Jeanne!

I'm following up regarding the recommendation for ED and IOU regulatory/policy representatives have a monthly regular conference call to discuss items of interest and/or concern. All of us agreed that it is a good idea and so we are suggesting a 2nd Tuesday of the month afternoon call. We could set up for 1.5 hour call and we should have an agenda prior to the call to manage our time. If there is nothing of substance to discuss, we could always cancel the call or reschedule.

Please let me know if the proposed schedule works for you otherwise, please provide an alternative. Also please let me know how many attendees on your staffs will be participating so we can ensure adequate call lines.

Thanks!

Athena
