I am glad you can make it next Monday. It would be similar material on Friday. Maybe what makes more sense is to wait until after the meeting next Monday and see then if you have additional questions.

Do I seem terse? Blame the thumb keyboard.

I can step out of another briefing I have 11-12 on the 19th and join the meeting.

What would I be discussing with Bill on Friday?

Oh, wow, well, that settles it, doesn't it? We are meeting with her at 1130a on 19Apr. It's a half-hour briefing with our SVPs Helen Burt, Pat Lawicki and Tom Bottorff, of Customer Care, IT and RegRel. In addition to that, would you be interested in spending an hour with Bill Devereaux this Friday, 16Apr, let's say at 200p?

Um, definitely yes, given that I will likely be the one testifying for the PUC. What time are you briefing Comr Ryan? I am here on the 19th. Also very open this Friday afternoon (the 16th).

Julie --

Would you like to get a presentation from PG&E on what it plans to present at SmartMeter hearings on 26Apr in Sacramento? We have a meeting set up with Commissioner Ryan on 19Apr to give her the same information, and I thought you might want to hear it as well. If so, give me a couple of dates that work for you, and if not, I will make sure that Aloke is well briefed.

Thanks!

yours,
