Subject: RE: a request re monthly reports?

Alope --

Yes, those monthly reports are filed under 583, which is appropriate. There are, among other things, sensitive vendor data in those reports. Redacting the reports would be very time consuming, and I don't think we would be able to redact in time to get the documents out. The semi-annual reports, which are public and served to the service list, would be a better set of documents and could be released. Let me know if you have any questions, and I also plan to call you on the phone.

yours,

sid

**Subject:** a request re monthly reports?  
**Importance:** High

Hi Sid:

I just tried to call you on your cell. We have received a request from Sen. Florez office, via OGA, for copies of the AMI monthly reports (Exec. Committee presentations) that PGE files with CPUC. Our understanding is that they are all filed under Sec. 583. Could you confirm this? And if so, given the request, would PGE be comfortable with removing the 583 restriction and let us release the reports? Alternatively, would PGE require that the reports be redacted? Please advise asap.

Alope
