Melissa, thanks again for your feedback yesterday. We are planning to go ahead and run this proposed arbitration structure by the CHP groups tomorrow. We decided to go ahead and do it ourselves just because we wanted to be able to answer questions in real time. Your offer to preview with Beth was much appreciated though. I will let you know how it goes. There is some talk of having the CPUC participate in a meeting mid next week. I will pass on more details as I get them.

Best,  
Trina
