Subject: CCA Service Agreement Negotiations/CPUC mediation (Confidential - CPUC Rule  
12)

Sandy and Randy,

As discussed at today's mediated meeting, attached is a draft with proposed revisions to the Form Service Agreement (SA) to clarify unclear terms and otherwise address relatively uncontroversial "underbrush" issues. Please do not hesitate to call me if you have any questions about the proposed edits. (Please note that I have not yet had an opportunity to get client sign-off on these edits.) My hope is that CCSF and PG&E can agree on underbrush edits quickly and then work on language related to the more controversial "impasse issues" that we discussed today. At today's meeting, you indicated that you would attempt to get back to us with PG&E's positions on impasse issues, including proposed language, by mid-day tomorrow. We look forward to hearing from you.

Tom
