Subject: PG&E PowerPathway Conference

Anna Marie

Attached is the most recent agenda for our PowerPathway Conference on May 14. Chris Johns our President will be the kick off speaker and Commissioner Ryan has accepted our invitation to be our luncheon keynote speaker. Unfortunately your Sacramento office just let her know that she may need to be at a hearing in Sacramento on that day. Just to be clear the request in this e-mail is unrelated to that change in events as we were already preparing to ask Paul Clanon if he wanted to participate in this conference. The event will be held in San Ramon so he would need to factor in an hour or so of travel each way from the City.

With that Said we'd like to know if Paul is available and would like to moderate one of two panel discussions. One option is a panel on Outcomes to date from the PowerPathway program and that panel is from 8:25-9:15. The other option would be to moderate a panel on skilled craft training from 10:20-11:10. If he wants to participate we can provide him with all the background material and briefing he thinks he needs.

I hope Paul can join us at the conference as his participation will really enhance the overall program
Thanks for helping coordinate this request.
Bill
