Subject: DFEEQP -- DFEEQP-DMME Committee Evidentiary Process and Transparency Guidelines

DEMAND FORECAST ENERGY EFFICIENCY QUANTIFICATION PROJECT WORKING GROUP

Hi DFEEQP WG,

As you know, a committee of the DFEEQP has been working with the Energy Commission's internal project, the Demand Model Methodology Evaluation (DMME) and has assisted by drafting guidelines for model transparency and an evidentiary hearing process.

Stakeholder comments from the DFEEQP Working Group were received, and incorporated into this draft. Stakeholder comments and the revised draft guidelines are attached to this message.

The attached document will be provided to the DMME project for inclusion in their report. The Energy Commission and Energy Commission management will receive these recommendations together with other findings of the DMME project. At a later time, should the Energy Commission elect to enact all or some of the recommendations in the report, there will be additional attention to these recommended guidelines.

Thank you very much to stakeholders for your review and input.

Sincerely,
C.
