Subject: Re: DFEEQP -- DFEEQP-DMME Committee Evidentiary Process and
Transparency Guidelines

I wanted to let you know that I recently
started a new position at SCE, and will no longer be participating in the
DFEEQP Working Team. My understanding is that Manual Alvarez and
Phillip Toth will be the primary points of contact for SCE, at least for
the immediate future. Please remove me from your distribution lists
for the Working Group.

It was a pleasure working with you all
on this Working Team: the issues were challenging and the team participants
were intelligent, passionate, and engaged. Hopefully our paths will
cross again sometime in the future.

Regards,

Andrea

DFEEQP -- DFEEQP-DMME
Committee Evidentiary Process and Transparency Guidelines

DEMAND FORECAST ENERGY EFFICIENCY QUANTIFICATION PROJECT WORKING GROUP

Hi DFEEQP WG,

As you know, a committee of the DFEEQP has been working with the Energy Commission's internal project, the Demand Model Methodology Evaluation (DMME) and has assisted by drafting guidelines for model transparency and an evidentiary hearing process.

Stakeholder comments from the DFEEQP Working Group were received, and incorporated into this draft. Stakeholder comments and the revised draft guidelines are attached to this message.

The attached document will be provided to the DMME project for inclusion in their report. The Energy Commission and Energy Commission management will receive these recommendations together with other findings of the DMME project. At a later time, should the Energy Commission elect to enact all or some of the recommendations in the report, there will be additional attention to these recommended guidelines.

Thank you very much to stakeholders for your review and input.

Sincerely,
C.
