Hi Brian,

We're trying to put together a letter to send out to consumers who call or write with concerns about EMF and Smart Meters. Do you already have language on this issue that you are putting out?

Also, did you see this: <http://www.kget.com/news/local/story/Contact-17-PG-E-shuts-off-power-admits-mistake/DZS8QZOqQEOBdPixKy3eDA.csp>

Is there someone I can direct questions to about this consumer complaint? If I get the OK from the consumer to talk about this case, I will need to check with our Consumer Affairs Branch about our findings and would need to check with your folks on yours.

Always fun,

Terrie
