Subject: RE: Meeting with CPUC - next week

I could be available either day at that time, but I'm not sure that I'm a necessary party for this conversation Mike

All,
I believe last Friday morning there was some discussion of scheduling some time with the CPUC's QF Summit team to brief them on our (hopefully collective) proposal for arbitration going forward. The CPUC folks are interested in hearing our proposal, but between giving ourselves some time this week to collectively sort through the details of how it would work, and limited availability by some of us for a meeting with the CPUC later this week (not to mention the fact that Frank is likely stuck in London through the end of this week -- at least last I heard), we are looking at early next week. PG&E could be available Monday 4/26 or Tuesday 4/27, either day from 3-5 pm for that conversation. Would either or both of those day/times work for others? Let me know and I'll try to coordinate something that works for everyone. Thanks,

Trina
