Maggie,

Thanks for pulling this together quickly. Can you please confirm that the last date provided for each pending PPA is the condition precedent date. For example, the GreenGate contract requires CPUC Approval on 6/3 and Shell (4 PPAs) by 7/29.

Sean

Sean,

Please find attached the updated PG&E RPS workplan. Per your request, we focused the updates on those projects that are pending CPUC approval.

Maggie,

Can you please update this to reflect PG&E's requested dates and the CPUC approval condition precedent date for each contract pending approval. I am only concerned about next few months. Don't worry about updating for recent filings that don't require approval before August.

Sean
