- a) PG&E's Miscellaneous Maintenance expenses have fluctuated over the last five years with an average for the period of \$0.484 million and are forecasted to increase to \$1.432 million. Provide the documentation that explains in detail why there are no recorded units or unit costs for 2004 through 2008 for Miscellaneous Maintenance.

ANSWER 8A

There are no recorded units or unit cost data for Miscellaneous Maintenance items because PG&E did not have a need to specifically track this work on a unit/unit cost basis.
