QUESTION 4

On Line 6 Charges to the Corp in the amount of \$153,900 for 2009-2011, are for services provided to PG&E Corporation by the Utility Law Department. How did the Utility determine this charge? Please provide a detail breakdown on the supporting calculations.

ANSWER 4

Please note that the \$153,900 on Line 6 Charges to the Corp is in error and will be corrected to \$180,000 as part of PG&E's upcoming errata filing.

The Utility Law Department (PCC 10448) is forecasting \$180,000 for 2011 legal services provided to PG&E Corporation, the Immediate Office of the SVP and General Counsel (PCC 20020). Of the \$180,000, \$20,000 is forecast for internal attorney time and \$160,000 for outside counsel. The forecast was developed by reviewing historical charge backs at both the Utility and Corporation and using the historical data as a basis to project into the future. This forecast is not based on any known cases or issues that are anticipated to occur in 2011.
