Subject: Rate relief communications

Bob, Jonathan and Dexter, last week Carol Brown, chief of staff of President Peevey's office, asked John about the status of the summer 2010 rate relief application. This morning John followed up to inform her that it appeared the parties had reached a settlement in principle, and to request how procedurally we should handle it in view of the hoped for June 1 implementation date and the closest Commission meeting being May 20. She in turn advised ALJ Barnett of developments and he suggested that the parties file a motion for approval of the settlement ASAP and request a compressed comment period. He in turn could collapse the comment period on his decision, as appropriate. The Commission is open to other suggestions to expedite resolution. This is something we can discuss in the call this afternoon, as well as general Rule 12 requirements. [Redacted]
