Subject: Re: Monday's meeting notes and this Thursday's meeting agenda

Peter,

I have attached two documents that we'd like to go through as part of your two agenda items below:

The first document covers your second agenda item and logically is the first item to discuss as it indicates both current status and a proposed path forward. One of the bullets within this document also cover your first agenda item at a high level.

We can then go through the second document in as much detail as desired to explain what we observed and what our joint decisions is.

Thanks,

Steven M. Long, P.E.
