QUESTION 1

In Answer to Question DRA_3, Question 5, PG&E states “*The system average percent of SmartMeter™ estimated bills is 0.20% for the period February 2008 through October 2009. A comparable figure for standard meters is 0.58%.*” Please provide the monthly percentages of estimated bills for each month in the same period, February 2008 through October 2009, for both the SmartMeter and standard meter populations. In your response, please include the raw numbers used to calculate the percentages.

ANSWER 1

Data used to derive the estimated bill percentages provided in DRA_03, Question 5, are provided in the file named “Bakersfield Data Request_ED_018-Q1”. Please note that the columns labeled SmartMeter are summed on a cumulative basis and the columns labeled Standard Meter are shown for individual months and summed at the bottom.
