Subject: FW: Supplemental ED data request--update to ED 18 Q1

Steve,

Attached please find the most current estimated data. Per your request the data is provided on a monthly basis and not cumulative.

Please feel free to contact me should you need any additional information.

Subject: Supplemental ED data request--update to ED 18 Q1

All,

Energy Division would like to request that PG&E supplement the attached DR response with

data through the most recent month available (the attached response contains data through October, 2009).

Also, could you provide the Smart meter data on a monthly basis, rather than cumulative?

Due date: if you can provide this by this Friday April 23, that would help us prepare for the Senator Florez hearing this coming Monday.

Thank you,

Steve Roscow

Brian, Bill, Sid—

Here is the estimated bill data I was describing in the meeting with Commr. Ryan yesterday, regarding the “spiky” monthly bill estimates vs. the low average quoted by Helen. One e-mail attached is the original DR response from Redacted the second e-mail is Dan’s response to my follow-up.
