I am doing as well as you might expect given this draft.

The stuff on p 17 is VERY confidential. VERY not ok. Irreparable.

Lunch June 2 works fine. Your 'hood I assume?

So, I was doing some light reading last night/this morning and I have a random question for ya...

How much confidential bid evaluation information did ALJ Farrar release in his PD?

Hope your doing well, any chance you're free for lunch on Wednesday June 2?
