Taxis seem more simple. The same has been transmitted to Sally. Chaos. Thank you.

Hi Matthew, following up on my voicemail message to your cell phone -- we went ahead and booked a spot for Commissioner Grueneich in the 50 Main Street garage which is a PG&E facility. If she parks here we would have to report it as a gift in accordance with the gift rules. Interior access to the PG&E building from the garage is secure, so if she uses that space please let us know so we can have someone downstairs to get her through the secure doors to the PG&E lobby.

Frankly, if she chooses to use one of the commercial parking facilities downtown, that might be simpler for her, but the 50 Main garage is an option. Let us know if she plans to use that option, please. Thanks,

Trina

Matthew, give me a call please about parking. Given the gift rules, I am guessing it is probably simpler for the Commissioner to park at one of the commercial parking lots downtown and pay/expense the parking rather than reimburse PG&E or report the gift. Of course, if that is what she would prefer that is fine and we will find a spot for her in the 50 Main garage. I am surprised whomever she is meeting with didn't work out these issues with you all earlier, and offer my apologies for that.

Give me a call on my mobile -- Redacted I tried your office line and for some stupid reason don't have your mobile in my contacts.
