Subject: Transition to new role

Hi
All,

As some of you may already know, effective April 26 I transitioned into a new role as supervisor of the CPUC's Energy Efficiency Planning section. Our section is responsible for (1) oversight of the IOUs' current \$3 billion 2010-2012 energy efficiency (EE) portfolios (see [Decision 09-09-047](#)), (2) advising the Commission on policymaking for the next (2013-2015) EE program cycle (including EE goals, etc.); and (3) ongoing implementation of and updates to the [California Energy Efficiency Strategic Plan](#).

For future inquiries related to the [CPUC's Long-Term Procurement Plan \(LTPP\) proceeding](#), please contact the following staff persons responsible for each area:

- System resource
planning - **Nat Skinner** (nat.skinner@cpuc.ca.gov;
415-703-1393)
- Bundled AB57
procurement planning - **Rebecca Tsai-Wei Lee** (rebecca.lee@cpuc.ca.gov;
415-703-2140)
- Procurement policy
/ rules issues - **Kevin Dudney** (kevin.dudney@cpuc.ca.gov;
415-703-2557)

It has been an honor and a pleasure to work with you all. I look forward to crossing paths again sometime in the future on EE issues in California.
Thanks!

Best,

Simon Eilif Baker

Supervisor, Energy Efficiency
Planning

Climate Strategies Branch

California Public Utilities Commission -
Energy Division
