Calvin, thanks—

Regarding the draft customer letter, currently I've got the draft, looking at some proposed MEA edits. So next communication will be from this end--

Steve

Dawn:

I've been discussing these retroactive mass enrollments over the past couple of days with Pol, and informed him that there were a few adjustments needed to this list and that the upload will be occurring this afternoon.

Attached is an updated listing of the retroactive mass enrollment. Please use the individual worksheets

and ignore the "Total" worksheet. The "Total" worksheet has not been updated to reflect the changes noted below. These individual worksheets includes SA_IDs associated with:

- New customer accounts from previously closed accounts (572) - see "new accounts" worksheet
 - I removed SA_ID 1405780910 because there was another subsequent new account created for the same site, SA_ID 2081212358
 - I removed 4 SA_IDs listed below that have recently closed or are pending stop - SA_IDs 0933686091, 2434344920, 6519944174, & 8786190516
- Customer accounts whose opt out request has been rescinded (166) - see "rescinded opt out" worksheet
 - (Please remove the 55 SA_IDs identified in the "For Phase 1B" worksheet from the "rescinded opt out" worksheet since these will be part of Phase 1B
- Customer accounts whose MEA territory status will be restored (5) - see TOT correction worksheet

On a related note, have you had a chance to review the draft customer letter that Trina Horner sent to you Tuesday afternoon? We would like to finalize the arrangements for the customer letter as soon as practical.

Let me know if you have any additional questions.

Thanks.

Calvin

Subject: Retroactive Mass Enrollment - Phase I

Dawn, Pol, John, and Kirby:

As we discussed at our meeting this morning, attached is a list of all the customer accounts that we plan to mass enrolled retroactively. The attachment consists of 4 tabs -

- A Total (803) list with all of the pertinent customer data for you to setup in your systems and estimate load volumes (the meter ready cycle code is in column V)
- A SA_ID listing (577) of the new customer accounts from previously closed accounts
- A SA_ID listing (221) of the customer accounts whose opt out request has been rescinded
- A SA_ID listing (5) of the customer accounts whose MEA territory status will be restored (your correction list consisted of 7 accounts but 2 of these accounts - 1939277065 & 1939277070 are captured in the group of 221 opt out rescissions)

We plan to mass enrolled these 803 SA_IDs into our system in the next day or two, and you should expect to see "acknowledgement CASRs" by the end of the week.

If you have any questions regarding this data, please let me know.

Thanks,
