Hi Trina

I just sent this onto Brian P. but he also suggested that I let you know. Sorry about the delay. Sighs. See below.

Hi Brian

Surprise surprise, there is a lag in getting back to you on Edison's request for extension to comply on the AB 1613 proceeding. Short answer, the extension is approved. The letter approving the extension to comply out to got held up by technical stuff, sadly slowing down a bunch of stuff today. (In case you don't know what I'm talking about, the request is dated 5/10 and asks to postpone development of the less than 500kW contract for AB 1613 until October). So in case Amber Dean or others in Edison legal are freaking out, you can tell her that it is underway. Frank and Paul are up to speed and I'm hoping that you'll see something official from this week.
