Subject: RE: PG&E and MEA call to check-in and tie up loose ends?

Thanks. I am checking schedules internally and will get back. Not sure where we go with number 3 given the conversation today with CCSF but maybe there is a procedural path we could find to get to CPUC authorization.

On 1, is MEA reviewing that letter? I didn't realize - or didn't remember - that they are reviewing that one.

Hi all,

With all the activity these last few weeks, I realize some things are slipping on our mutual "to do" list, so I'm sending this note to see if you all are interested in doing a "check-in" call?

Several possible topics:

- 1 finalization of letter to customers who were opted out via non-tariffed methods
- 2 update of IVR script and material on PG&E website so it fits MEA's actual operations
- 3 customer lists and shared database

Let us know if a call would be useful, and if so, go ahead and propose some days/times that would work.

Thanks,

Steve Roscow
