Subject: RE: DRA 11 / SM\_DRA\_01 - additional time requested

Thank you Chris - I will let you know by tomorrow which one of the slots would work best. Do any of them have a potential for being longer than an hour in case the meeting runs longer?

Reza,

At this point, it looks like the three best times to meet are: May 18 (Tuesday) 1 - 2, May 19 (Wednesday) 3 - 4, and May 20 (Thursday) 9-10.

A time extension to facilitate a meeting would be fine. At the meeting, we can discuss if we would need to put any of the information in writing once we've heard what the responses will be.

Thanks,  
Chris

**Subject:** DRA 11 / SM\_DRA\_01 - additional time requested

Chris,

As a follow up to this note, we are tracking the requests originally submitted in association with the Bakersfield series of DRs as DRA 11 & DRA 12/EDxx with a new numbering sequence that we will utilize going forward:

DRA 11 is being tracked as SM\_DRA\_01  
DRA 12/EDxx is being tracked as SM\_DRA\_01/SM\_ED\_01

In addition, PG&E requests additional time to be able to properly respond to SM\_DRA\_01 (Original documentation attached). PG&E also requests that the information exchange associated with this DR be presented in person rather than transmitted through documentation due to the sensitivity of the subject matter surrounding information security. Could you please provide us with three alternative days after May 17 when a meeting could be scheduled with the CPUC staff to respond to this question? PG&E will then use one of these dates to schedule the appropriate subject matter experts to provide our response.

Thank you

Chris,

Just to follow up our phone conversation regarding DRA 11 & 12/EDxx, below is my contact information at PG&E and also at PwC. Please feel free to let me know if you have any further questions.

Going forward, please feel free to direct your questions to me (and feel free to cc Dan as well). I will coordinate with the case coordinators this afternoon and let you know the new numbering associated with these two requests. They were distributed last week to folks for responses back to you.

Thanks  
Reza
