Redacted thanks.

Looping in Carlos too, as we were just discussing this.

Actually, no, I don't think there is any agreement on our end that we won't share this with MEA, so let's discuss sometime before Tuesday. We won't share before we discuss with you, of course.

The Clanon letter directed PG&E to clear up the invalid opt-outs, so we are going to need info exchanges in order to do that. I thought that is clear, as was PG&E's response on this approach going forward, i.e., we would work cooperatively and collaboratively.

Also, Carlos and I are assuming that you have a customer-specific version of this list. Is that correct?

Steve,

As promised, attached is the complete table with PG&E's CCA-Marin opt outs. We are continuing to check and double-check the numbers for accuracy in preparation for Tuesday's meeting, but I wanted to get these numbers to you as well. As you already know, this table should not be shared in any way with MEA. We plan to provide a similar, but separate table at Tuesday's meeting that will be used for our discussion.

Let me know if you have any questions, although I'm guessing any questions you have will come up again at Tuesday's meeting.

Daren

Steve,

Per my voicemail yesterday, please find attached PG&E's partial data response to your data request. We are continuing to populate the data for the missing fields per your request and hope to have a final response to you by Friday.

Let me know if you have any questions or concerns.

Subject: Marin CCA, New Energy Division Data Request

Hi Trina and Daren,

Here is a new data request. Given the urgency, and since I know that PG&E has this data readily available, I'd like a response by COB Monday May 3rd.

Let me know the tracking number that you assign to this request.

REQUEST:

Data request re CCA opt-outs in Marin County.

Please provide weekly summaries of "opt-out" data by populating the attached Excel spreadsheet with values, in the categories indicated in the spreadsheet.

END OF REQUEST

Thank you,

Steve Roscow
