Subject: RE: Meeting for Comr. Simon at PG&E for Gas tour

Hi Karen, Bill and Sally:

Comr. Simon has chosen June 8th for the gas tour. Please let me know if this date works on your end. In the meantime, I will tentatively block off the entire morning on his calendar.

Thanks,

Juliane

Subject: Meeting for Comr. Simon at PG&E for Gas tour

Hello Mel and Juliane,

Comr. Simon was planning to go to PG&E for a gas/electric tour of bidding, etc. On a very preliminary basis it was on the calendar for June, but it turns out there was a conflict. Anyway, would it be possible to aim for another day out in the future that is comfortable for Comr. Simon's schedule to propose to PG&E for a 1/2 tour.

I would think it would be best to set aside a morning as there is more activity that is visible in the morning for such a tour.

I am also ccing Bill Stock (PG&E) and Redacted (PG&E) -- Bill and Sally would be involved from the PG&E side.

Many thanks,

Karen Shea
