2	3/11/10	{Redacted}	{Redacted}	AMERICAN CANYON	Open	Under Investigation
3	3/18/10	{Redacted}	{Redacted}	BAKERSFIELD	Resolved	Bill is Accurate. DCSI SmartMeter installed 2/4/08. SSN SmartMeter installed 2/23/10. Customer's usage has been very consistent before and after installation of the SmartMeters. Usage averages from 50 kwh/day to 120 kwh/day during peak summer months. An energy audit was completed for this customer on 4/30/10. PG&E also provided the customer with information on baseline rates, usage and PG&E's proposal to the CPUC of a three-tier rate structure for summer of 2011. Discussed energy cost and efficiency of both air conditioning units. Mr. Prewett understands his energy usage but believes our baseline allotment is too low and our rates are too high.

7	4/13/10	{Redacted}	{Redacted}	BAKERSFIELD	Resolved	Bill is Accurate. SmartMeter installed 7/25/07. Customer is questioning his final bill for his account, closed on 2/10/10. Final bill for \$2,238.38 was issued on 2/11/10. Customer paid \$238.38 on 2/24/10, leaving a \$2,000 balance. Explained customer was behind on their Balanced Payment Plan when the account was closed and a true-up bill was issued. At customer's request, PG&E's supervisor met with the customer at the local office to review a statement of account. Several calls have been made since to offer a pay plan. Customer wants to meet in the office again but has not called back to set a meeting. Last messages were left on 5/14 and 5/17. Customer is welcome to come to the office or call back for a pay plan

No.	Complaint Date	Customer Name	Account	Service City	Status	Explanation of Complaint Resolution
12	4/29/10			FORESTHILL	Resolved	Bill is Accurate SmartMeter installed 7/7/09. Customer concerned with baseline allotment and high electric usage. Reviewed all-electric baseline rate and electric heater usage. Reviewed how to check hourly and daily usage online. Reviewed optional time of use rate. Offered meter test, customer declined. Offered energy audit. Customer accepted.

14	5/1/10			MORAGA	Open	Under Investigation
15	5/3/10			GRANITE BAY	Open	Under Investigation
16	5/5/10			ATHERTON	Resolved	Bill is Accurate SmartMeter installed 8/11/09. Advised customer usage steady and then it did increase in July, the month before the SmartMeter was installed. Customer wanted new meter. Scheduled meter test and energy audit on same day. Demonstrated to customer changing simple behaviors can reduce energy and identified electric load. Customer is satisfied the meter is accurate and appreciated the information. Same SmartMeter is in place.
17	5/7/10			ALTA	Open	Under Investigation
18	5/8/10			CLOVIS	Open	Under Investigation
19	5/12/10			WILSEYVILLE	Open	Under Investigation
20	5/12/10			MI WUK VILLAGE	Open	Under Investigation
21	5/12/10			ACAMPO	Resolved	Delayed Gas Charges due to Meter Communication Issue. Gas and electric SmartMeters were installed on 9/19/08. Gas meter module stopped transmitting on 11/11/09. Customer received estimated bill in December 2009 and January 2010. There were no gas charges on February bill, and then two-month catch-up (February and March) gas charges were billed in March for \$286.33. March billing was based on actual field read verified on 3/9/10. PG&E reduced the March catch-up bill with a credit for \$125.33 because customer was unaware of high usage during this period and therefore not able to take action earlier to conserve energy. Once she was billed in March, she lowered her gas usage. Customer was satisfied.

22	5/13/10			EL GRANADA	Resolved	Bill is Accurate. SmartMeter installed 12/22/09. Customer questioning 1/14/10 - 2/16/10 bill for \$82.97; usage of 338 kwh and 38 therms. Customer used PG&E's online energy analyzer and feels his bill should be \$10 less. Usage is in line with historical usage. The disputed usage of 338 kwh represents 10.2 kwh per day. During the same billing period in the prior year, customer used 9.57 kwh/day. PG&E explained the difference in cost is twofold: rate increase from 2009 to 2010, and 33-day billing cycle in 2010 vs 30-day billing cycle in 2009. Also, the customer's current bills in 2010 for the months before and after the disputed period of 1/14 - 2/16, were also 30-day bill cycles. Customer has declined all offers for a meter test. Customer was not satisfied.

2	3/11/10	{Redacted}	{Redacted}	AMERICAN CANYON	Open	Under Investigation
3	3/18/10	{Redacted}	{Redacted}	BAKERSFIELD	Resolved	Bill is Accurate. DCSI SmartMeter installed 2/4/08. SSN SmartMeter installed 2/23/10. Customer's usage has been very consistent before and after installation of the SmartMeters. Usage averages from 50 kwh/day to 120 kwh/day during peak summer months. An energy audit was completed for this customer on 4/30/10. PG&E also provided the customer with information on baseline rates, usage and PG&E's proposal to the CPUC of a three-tier rate structure for summer of 2011. Discussed energy cost and efficiency of both air conditioning units. Mr. Prewett understands his energy usage but believes our baseline allotment is too low and our rates are too high.

7	4/13/10	{Redacted}	{Redacted}	BAKERSFIELD	Resolved	Bill is Accurate. SmartMeter installed 7/25/07. Customer is questioning his final bill for his account, closed on 2/10/10. Final bill for \$2,238.38 was issued on 2/11/10. Customer paid \$238.38 on 2/24/10, leaving a \$2,000 balance. Explained customer was behind on their Balanced Payment Plan when the account was closed and a true-up bill was issued. At customer's request, PG&E's supervisor met with the customer at the local office to review a statement of account. Several calls have been made since to offer a pay plan. Customer wants to meet in the office again but has not called back to set a meeting. Last messages were left on 5/14 and 5/17. Customer is welcome to come to the office or call back for a pay plan

WILSEYVILLE	Open	Under Investigation
MILWUK VILLAGE	Open	Under Investigation
ACAMPO	Resolved	Delayed Gas Charges due to Meter Communication Issue. Gas and electric SmartMeters were installed on 9/19/08. Gas meter module stopped transmitting on 11/11/09. Customer received estimated bill in December 2009 and January 2010. There were no gas charges on February bill, and then two-month catch-up (February and March) gas charges were billed in March for \$286.33. March billing was based on actual field read verified on 3/9/10. PG&E reduced the March catch-up bill with a credit for \$125.33 because customer was unaware of high usage during this period and therefore not able to take action earlier to conserve energy. Once she was billed in March, she lowered her gas usage. Customer was satisfied.
EL GRANADA	Resolved	Bill is Accurate. SmartMeter installed 12/22/09. Customer questioning 1/14/10 - 2/16/10 bill for \$82.97; usage of 338 kwh and 38 therms. Customer used PG&E's online energy analyzer and feels his bill should be \$10 less. Usage is in line with historical usage. The disputed usage of 338 kwh represents 10.2 kwh per day. During the same billing period in the prior year, customer used 9.57 kwh/day. PG&E explained the difference in cost is twofold: rate increase from 2009 to 2010, and 33-day billing cycle in 2010 vs 30-day billing cycle in 2009. Also, the customer's current bills in 2010 for the months before and after the disputed period of 1/14 - 2/16, were also 30-day bill cycles. Customer has declined all offers for a meter test. Customer was not satisfied.

Resolved	Bill is Accurate. DCSI SmartMeter installed 2/4/08. SSN SmartMeter installed 2/23/10. Customer's usage has been very consistent before and after installation of the SmartMeters. Usage averages from 50 kwh/day to 120 kwh/day during peak summer months. An energy audit was completed for this customer on 4/30/10. PG&E also provided the customer with information on baseline rates, usage and PG&E's proposal to the CPUC of a three-tier rate structure for summer of 2011. Discussed energy cost and efficiency of both air conditioning units. Mr. Prewett understands his energy usage but believes our baseline allotment is too low and our rates are too high.

Resolved	Bill is Accurate. SmartMeter installed 7/25/07. Customer is questioning his final bill for his account, closed on 2/10/10. Final bill for \$2,238.38 was issued on 2/11/10. Customer paid \$238.38 on 2/24/10, leaving a \$2,000 balance. Explained customer was behind on their Balanced Payment Plan when the account was closed and a true-up bill was issued. At customer's request, PG&E's supervisor met with the customer at the local office to review a statement of account. Several calls have been made since to offer a pay plan. Customer wants to meet in the office again but has not called back to set a meeting. Last messages were left on 5/14 and 5/17. Customer is welcome to come to the office or call back for a pay plan

ATHERTON	Resolved	Bill is Accurate SmartMeter installed 8/11/09. Advised customer usage steady and then it did increase in July, the month before the SmartMeter was installed. Customer wanted new meter. Scheduled meter test and energy audit on same day. Demonstrated to customer changing simple behaviors can reduce energy and identified electric load. Customer is satisfied the meter is accurate and appreciated the information. Same SmartMeter is in place.

ACAMPO	Resolved	Delayed Gas Charges due to Meter Communication Issue. Gas and electric SmartMeters were installed on 9/19/08. Gas meter module stopped transmitting on 11/11/09. Customer received estimated bill in December 2009 and January 2010. There were no gas charges on February bill, and then two-month catch-up (February and March) gas charges were billed in March for \$286.33. March billing was based on actual field read verified on 3/9/10. PG&E reduced the March catch-up bill with a credit for \$125.33 because customer was unaware of high usage during this period and therefore not able to take action earlier to conserve energy. Once she was billed in March, she lowered her gas usage. Customer was satisfied.
EL GRANADA	Resolved	Bill is Accurate. SmartMeter installed 12/22/09. Customer questioning 1/14/10 - 2/16/10 bill for \$82.97; usage of 338 kwh and 38 therms. Customer used PG&E's online energy analyzer and feels his bill should be \$10 less. Usage is in line with historical usage. The disputed usage of 338 kwh represents 10.2 kwh per day. During the same billing period in the prior year, customer used 9.57 kwh/day. PG&E explained the difference in cost is twofold: rate increase from 2009 to 2010, and 33-day billing cycle in 2010 vs 30-day billing cycle in 2009. Also, the customer's current bills in 2010 for the months before and after the disputed period of 1/14 - 2/16, were also 30-day bill cycles. Customer has declined all offers for a meter test. Customer was not satisfied.
