Subject: Invitation: PG&E Emergency Exercise

Commissioners' Advisors

On June 30, PG&E will be conducting its annual company Emergency Exercise and I would like to invite you to attend as observers. This is the exercise that the Company holds to test its emergency management organization and is conducted annually as required by General Order 166. This year's exercise will be a functional exercise, which means that our organization will be actively responding, not just discussing our response activities. The exercise will last from 8 a.m. until about 2 p.m., including the critique. This exercise will also demonstrate how PG&E works with the many levels of public service and municipal agencies to coordinate disaster relief efforts in an optimally efficient manner. As in past years, I expect staff from the Energy Division and Safety Branch will also attend.

If you would like to come observe this year's exercise, please respond to me by no later than June 24.

Thanks,
