Shilpa, these meetings are for the res sector EM&V planning and coordination for 2010-12. Cathy Fogel and Caroline Chen and I have been working on this group of meetings and dates for a while, and should not be duplicative of other efforts. Please call me if you'd like to discuss further.

Mikhail,

[Redacted] passed along your note to me. Given all the existing statewide meetings, we're wondering what the 'value-add' would be for the meetings you are proposing.

As you know, our admin dollars are capped this cycle and we have targets for direct implementation time as well. We want to make sure our time is spent efficiently in delivering the portfolio.

We want to be cognizant of your needs, but efficient with our time. If these meetings are to discuss the EMV results, my understanding is that such meetings already happened to prepare for filing of the 60-day report. If these meetings are to coordinate statewide programs, such meetings are already happening with Energy Division planning staff by program (and extensively for whole house).

I want to make sure our discussion is as focused as possible and does not duplicate existing efforts. If the current statewide meetings do not serve your needs, let's plug you into those meetings and have an agenda item for you. That way you have the group you need to respond and we avoid scheduling another meeting.

Thank you!

Yes, sorry about that, here it is. This is for the residential retro and whole house programs for 2010-12 and the meetings include all 4 IOUs.

Hi Mikhail,

Can you send over the referenced calendar attachment from original email? And, for which program is this in reference too? Is this to schedule statewide coordination meetings?

Thanks

Folks, I haven't heard back from anyone at SCE, SDGE, or PGE yet. Please take a look at this ASAP and fill in the column with the

availability for your utility by COB today. I'll be giving each of you a call shortly to make sure you've received this.

Redacted you weren't on the initial email, but I'm hoping you can respond for PGE since I believe Bea and Rafi are out.

Talk to you soon!

Folks, please review the updated res coordination calendar and fill in the column for availability of your company. I'm trying to get placeholders for these dates sent out on Friday so please send this back either tomorrow or Thursday. I really want all of you to be able to make these meetings, and it's important that you let me know know if it's looks like a date isn't going to work.

Thanks and let me know if you'd like to discuss!
