Subject: New Local Government Partnerships coordinator at CPUC

Hi  
All,

I want to introduce you to our new Local Government Partnerships coordinator, **Lisa Paulo**. Lisa is replacing Jean Lamming, who moved on to a new section. Lisa's role will be as CPUC's primary point of contact on local government issues at CPUC, with the exception of GHG-related issues (GHG software tools, climate action plans, etc.), which Kristin Ralff-Douglas is leading.

On specific technical areas, Lisa will act as a go-between coordinating inquiries and input to/from CPUC subject matter experts on the following issues:  
financing (Jennifer Finnigan), "reach codes" and code compliance enforcement (Ayat Osman), benchmarking / government buildings (Jordana Cammarata), residential programs and whole-house retrofit (Cathy Fogel), marketing education and outreach (Pam Wellner).

From a process standpoint, please initially refer all inquiries to Lisa and copy her on

any communications related to specific technical areas.  
Thanks!

**Lisa**

- By way of introduction, I am coping several key players in the LG arena, as well as IOU contacts
