Thanks, Joan! Please plan on at least 4 people from PG&E. Does this date/time work for Bob Strauss, too?

Trina, yes, that time is free on Julie's calendar. Will you be meeting here or outside the CPUC offices? If you're meeting here, please let me know approximately how many people you are inviting, so I can reserve the correct-sized meeting room. Thanks.

Thanks Julie, we appreciate the time. I think we can make 11:00 a.m. on Tuesday 6/29 work. Joan, if you could confirm that would be great. Thanks!

I suspect it's not a lack of understanding in ED, but we could still meet. Early next week is better for me. How about 11 a.m. on the 29th? Monday is also currently free, but I have some personal stuff that could interfere on Monday, so if I scheduled for then, there's a risk I could end up not being there. But that might be fine, too, if Bob and Judith are available. Copying Joan, who handles my calendar, so you can coordinate with her.

Julie,
Following up on my voicemail, I'd like to come talk with you and Bob about some of the findings in ALJ Farrar's PD on PG&E's Long Term Request for Offers regarding PG&E's evaluation methodology. PG&E is concerned that the PD doesn't reflect a robust understanding of the LTRFO and wants to be sure the Commission understands the processes, criteria, and calculations we used. If it works for you, I'd like to schedule some time for Roy or Todd and I to come talk with you and your team about it. Would late this week work, or early next?

Thanks,
Trina
