Hi Lindsay,

To recap our phone call, this customer is not scheduled for a shut off. The 24 hour notice went out because the account is delinquent, but our credit folks know to not schedule the shut-off while this issue is being resolved.

Hi Megan,

I left you a voicemail as well. We are still discussing this case internally at the CPUC. In the meantime, I understand that Kevin has received a notice to pay the deposit within 24 hours or else his power will be shutoff. Could you please ensure that this does not happen pending resolution of this issue? Thank you.

Brian,

I have been asked to look into a deposit issue with PG&E concerning [Redacted] t. Who should I speak to at PG&E about this? Thanks!

Stephanie;

Attached are the scans of the documents. As you can see I have been working on this since the end of March.

Stand by for additional documents.

Kevin
