Sure, I'm keeping a separate contact list for this. I do want to stress that the CPUC is working internally to avoid duplicative meetings, and hope that PGE will be able to participate in an open and collaborative way.

RE: Res Coordination Schedule to date

Mikhail,

Can you remove Redacted and Jeff from your email since they do not do EMV-related work, and add Redacted since he is Rafi's manager on EM&V. Please also add myself (srrd@pge.com) and Redacted as we track

and monitor meeting requests and attendance to minimize administrative costs.

Thanks.

Shilpa
