Subject: RE: ED-Utilities non-DEER process meeting notice-Wednesday May 26th

Hi, Peter!

The IOUs continue to work on the straw man proposal that

Jeff provided to us. Unfortunately, we are still working through the document and preparing our response. We expect to provide the document to you by Wednesday next week (6/30).

On the other track that we have been working on with you and your team--the Non-DEER measure working papers, we want to have an understanding of where we are in terms of the review/approval of the work papers. We know everyone is busy but we need to all make progress towards locking down savings assumptions so we can fully prepare for reporting.

Let us know your thoughts on moving forward.

Thanks,

Athena

Peter Lai requested I send this email with its attachment.

Attached is a replacement version of the custom measure procedures draft document. The only changes are

a replaced Appendix I. The changes to the appendix are:

- flow chart mistakes corrected
- some clarification added to the wording in some of the boxes
- notes and related discussion/examples were added below the flowchart to define terms and ideas presented in the flowchart

notice-Wednesday May 26th

Hi
All,

Please find
attached the draft custom application review process protocol document.
I apologize for getting it to you on the day of the meeting. For the
meeting this afternoon, I wish to provide a high-level preview of the draft
doc. Utilities may provide comments to us after you've had a chance to
review fully the draft protocol.

Talk to you at
3:30.

Thanks,

Peter
