Subject: Energy Division LTPP Contacts

All,

Thank you for providing each of your respective organization's LTPP contacts. Attached is Energy Division's own. Similarly, this is not an "org chart" but the most efficient "communication conduits" for LTPP-related correspondences.

I hope this helps.

**Subject:** RE: IOU Org charts & Contact Info for LTPP

Nat:

Attached is PG&E's contact information similar to SDG&E's format. [Redacted] and I will be the key contacts to coordinate with internal team members as information comes through. However, please cc Charles Middlekauff (lead attorney) and [Redacted] (business lead) in your emails.

Thank you,

[Redacted]

**Subject:** RE: IOU Org charts & Contact Info for LTPP

Hi Nat,

Attached is the contact information of the key individuals who make up the LTPP team at SDG&E as you requested. It's not an "org chart" because each of the contacts is in a different organization, however I have provided a quick synopsis of responsibilities as they pertain to LTPP to assist you.

As you can see on the attachment, I am the single point of contact at SDG&E for "all things LTPP." Communication with SDG&E regarding LTPP issues would be most efficient and effective if sent to me, with cc's to the other team members if desired. If I am unavailable for any significant period of time, my voicemail will indicate who to contact in my absence. Unfortunately, at SDG&E, our email "out of office" does not go outside of the company firewall, so you would not be notified that I am out of the office in response to an email. For that reason, if you are looking for an immediate response to an email, it will be helpful to cc others on emails. For phone contact, we strongly prefer that contact be first directed to me, but phone numbers for the other team members are provided in case you absolutely need to reach that person.

I hope this helps.

**Subject:** IOU Org charts & Contact Info for LTPP

Hi all,

I'd like to get an org chart as well as emails and phone information for the appropriate staff by Track / Category as we get moving on the 2010 LTPP, so from ED's end we can make sure that we're routing emails to the correct people. Thank you Carl for this suggestion!

Best,

Nat
