**QUESTION 2**

Please define “business case” as used in PG&E’s testimony.

**ANSWER 2**

As used in PG&E’s testimony at PG&E -18, Chapter 29, page 29-6, “business case” refers to the “detailed explanation” the Commission requires PG&E to provide since PG&E determined that the relative risks associated with copper service pipe exceeded that of some of the previously identified steel pipe included as part of PG&E’s Gas Pipeline Replacement Program.
