Subject: RE: recurring data request: ARRA project tracking

CONFIDENTIAL

Hi Susannah:

Please see our 6/3 updates to the ARRA project list. Please note that we have added a significant amount of new information on the transmission piece, along with including Rice Solar.

Please let me know if you have questions.

Best,
David

Hi Meredith and David,
The ARRA tracking recurring data request is due again by no later than June 3 (next Friday is the 2nd). In addition to adding info on transmission requirements for PG&E ARRA projects in SCE territory, I'd like you to add a line listing all relevant info on the Rice Energy Project w/ Solar Reserve. I note it's not in my tracking spreadsheet now, but the Governor's Office is tracking it. (My understanding is initially the developer didn't think they could get CEC approval in time for the ARRA deadline this year, but now they have somewhat changed their tune.)

Please confirm for me that you'll be able to add info on transmission and on the Rice project this time around.

Thanks,
Susannah

Subject: recurring data request: ARRA project tracking

Good morning Meredith and David,
Attached is a recurring data request that will help Energy Division keep current on the contracting and transmission status of RPS projects requesting ARRA funding; I request a first response by Tues April 27. Please forward to others as appropriate.

Thanks,
Susannah
