Subject: rice solar_AL 3581-E

Meredith,

I am looking for project viability information for the Rice Solar project (AL 3581-E). Specifically, the work papers supporting the project viability calculator score of 60.26 shown in the excel file "Bid_Analysis_Workpapers_2009ShortlistReport_RiceSolar_Bilat_ED.xls", tab "Via_Fig", cell R24. Also, PG&E does not need to submit the Project Viability Matrix spreadsheet (see appendix E for the AL 3581-E, instead, please include the project viability calculator for the project.

Regards,
Sean
