Subject: RE: 2-day Reporting Outline Almost Done

Please send to the proper people on your teams. Please send me your comments and suggested modifications to the agenda by Thursday, COB, so I can modify in time.

This is a draft and I am still working on some attachments and reviewing PPM documentation, etc...

George, I was just

sorting this out as well. Here are some of the new joint reporting requirements and/or template that need to be developed from D.09-09-047 that we have not yet been addressed as far as I know.

Subject: 2-day Reporting Outline Almost
Done

Sorry it is taking
me so long, but I just sent the outline to my supervisor for review. I
hope to send the draft outline/agenda to you all by the end of the day and you
can let me know if I got the issues correct and if I allocated enough time for
the various topics.

After drafting the
agenda, I'm realizing how thankful I am to you guys for pushing for having
this meeting. I really think we can get to a better place with
reporting. I'll also really need your help to fill in some of the 2010
program needs that I'm just not too familiar with. I know we have to do
something with performance metrics, but are there other reporting needs for
the strategic plan or anything like that what I don't follow too
closely?
