Subject: RE: ET EMV Costs

George:

Here is PG&E's response to your data request regarding the ET related EM&V costs for the 2006 - 2008 Portfolio.

Please call me if you have any questions.

All,

I checked with Zeny and since we are removing ET costs from PEB, we should also remove the ET EMV costs from the total EMV costs.

Can you please refer to the "ET Costs" tab of the attached spreadsheet and fill in cells D2:E5 for your respective utility.

I'll then cross-reference these amounts with what is recorded on CMS to see if they make sense

to me before deciding to use your numbers.

I will officially request this through a data request on EEGA but would like to get a response today and worry about putting this on EEGA a little later.
