**SUBJECT: VEGETATION MANAGEMENT AND ENVIRONMENTAL COMPLIANCE RELATING TO SAN JOAQUIN HABITAT CONSERVATION PLAN**

**QUESTION 1**

On page 1383 of the Volume 13 of the transcripts for A0912020, Mr. Daran Santi states that he would check with the Environmental Service Department and develop a response as to whether or not the numbers and personnel included in the San Joaquin Habitat Conservation Plan (HCP) are only PG&E employees or whether they include tree trimming contractors (or other contractors) hired to do vegetation management within the area covered by the HCP. The number of employees refers to the 700 employees listed in the HCP (see pages 1379 through 1380 of Volume 13 of the transcripts as well as exhibit DRA-33 pages 8 and 13).

**ANSWER 1**

The reference to 700 employees relates to PG&E's 2006 estimate of the number of PG&E employees who would need training regarding the HCP. The reference to 700 employees did not include any tree trimming contractors or other contractors.
