Subject: PG&E\_meeting regarding Mobile Park utility system transfer issue

Hi Brian,

I hope all is well with you. I don't know if you are familiar with this old issue of master-metering and submetering for mobile home parks. This is an ongoing issue for many years on how to address the aging utility infrastructure in these facilities for a safer and more reliable system and who should pay for the new infrastructure. Commissioner Ryan is interested to finally resolve this issue. We have already met with the WMA, the entity representing the park owners and have heard their side of the issue. I would like to schedule a meeting with all IOUs and hear the other side. I am planning to schedule a meeting with SCE, PG&E, and Sempra. Would you please let me know who would be the person to contact at your end? I really appreciate your help.

Regards

Sepideh
