Subject: Question re Montezuma Wind PPA

Hi
Rich,

By way of introduction my name is Niki Bawa and I am working with Sean Simon in the RPS group at the CPUC. I am working on the resolution for AL 3681-E, the Montezuma Wind PPA, that is scheduled to go online January, 2011. I had a question regarding the change to the contract that was stated on p. 3 of AL 3681-E, Section C, number 4. The contract modification that was cited states the amended Montezuma Wind PPA contains an "Elimination of PG&E's right to terminate the PPA due to Project's poor performance." However, after reviewing the contract I could not find any wording relating to a change in the above terms. I was wondering if you could clarify exactly what the changes are and what is meant by poor performance. Please feel free to call me at 415-703-2197 or email me back at niki.bawa@cpuc.ca.gov. I have included a link below to AL 3681-E for your convenience. Thank you.

Kind
Regards,

Niki
