Hi, George!

The SDG&E and SoCalGas have not officially updated any PIPs as Shilpa states since there are some things we need approved (e.g., PPMs) so that they can be incorporated into the PIPs. We also had discussions where there may be program adjustments based on the "knowledge transfer" exercise.

George,

My understanding is none of the IOUs have updated their PIPs from what was filed. The PIPs would have to be updated statewide, if SCE did update theirs.

I'm including Don if he has additional insight on your request.

Thanks.
Shilpa

Hello all, would you be able to tell me if the 2010-2012 PIPs for PGE and Sempra have already been updated, from what is listed in the attached spreadsheet?

I'm asking because I recently heard there are updated SCE PIPs online.

If there are updated PIPs, can you send me a link where they are located.

I want to get all the original PIPs in one place, so they can be inventories and updated accordingly.
