Subject: RE: Details and Logistics for Smart Meters Panel at FERC-NARUC Collaborative -
July 18

Bill, Chris and Christie, Thanks for agreeing to participate on this panel. I know many people are particularly interested in this part of the Smart Response Collaborative on Sunday. My goal is twofold. First, that each of you gives a quick overview of your experiences in the challenges regarding smart meter rollouts and lessons learned. Second, that we have time for Q&A, especially from Commissioners. Given that we only have 30 minutes, we are not having any powerpoints and I will ask you to limit your initial remarks to 5-6 minutes. So, please take a few minutes before Sunday to review your notes to ensure you can keep within this very short timeframe for your initial statements. Thanks very much and I look forward to seeing you on Sunday morning. Dian Dian Grueneich Commissioner California Public Utilities Commission

Subject: Details and Logistics for Smart Meters Panel at FERC-NARUC Collaborative - July 18

Dear Bill, Chris, and Christie, Thanks again for agreeing to participate in the *Need for Consumer Education on the Uses and Benefits of Smart Meters: Lessons Learned* panel during the FERC-NARUC Smart Response Collaborative meeting this **Sunday, July 18 at the Sacramento Convention Center**. As a reminder, the panel will begin promptly at **10:30am** and will conclude at 11:00am. Please try to arrive 15 minutes or so prior to the start of the panel. If you are registered (or plan to register on-site) for the NARUC Committee meetings (separate from the FERC-NARUC Collaborative meeting), you may head to the NARUC registration desk on the 3rd floor to pick up your name badge and other meeting materials as early as 7:30am. If you are not registered, please head directly to **meeting rooms 306-307** (on the 3rd floor) and make your way to the front row of the main audience/chairs we will have RESERVED this row for all speakers so be sure to look out for the RESERVED sign on the aisle chair! At the beginning of the panel, we will invite you to come up to the Commissioners table to be seated. With regards to format, the moderator Commissioner Dian Grueneich (CPUC) has requested that each panelist prepare remarks to address the following: **(1) discuss the smart meter roll-outs that you have worked with; (2) describe the issues and challenges that came up during implementation; and (3) address the lessons that you have learned**. Since this is a relatively short panel, please try and keep your remarks to no more than **5-6 minutes** in order to accommodate follow-up questions from the Moderator and the Commissioners in the audience. Also, please note that there will be **NO power point slides** for this panel. In addition, I have included bios for everyone in order to provide perspective on where each of you is coming from. I do not have a

bio from Chris Thomas - **Chris, please send your bio to the group when you have a chance. Thanks!!**
Finally, I will let Commissioner Grueneich chime-in with any further clarification or details she may have. If you have any questions about the panel, please contact Comm. Grueneich directly her email address is Dian.Grueneich@cpuc.ca.gov and her office number is (415) 703-2444. Should you run into any trouble the day of the panel, please contact me directly my cell phone number is 603-731-5984. Thank you. Best regards,
