Subject: RE: corrections to AL 3671-E and

Sean:

We checked in on this and will need to file sub sheets for both filings. For Alpine, we will change permitting table so that LA County is lead agency, not CEC. For SPS, we confirmed that Kings County is the permitting agency for the CUP, although Corcoran Irrigation District is still in charge of the CEQA documents.

We apologize for these inadvertent factual errors and appreciate you pointing them out. We should be able to have the sub sheet filings submitted by the end of this week. Please let me know if you have any additional questions or concerns.

Thanks,
[Redacted]

I wanted to check in on a couple factual errors in two pending advice letters I brought to your attention last week. Specifically, the permitting information for Alpine Suntower (AL 3671-E) and the SPS projects (AL 3613-E). PG&E was going to verify whether the advice letters were accurate or not and then propose how to correct the errors. Please let me know the status at your nearest convenience.

Regards,
Sean
