Subject: these affiliate advice letters - saga

Hey Erik. I understand you're trying to get something going with us about these recent advice letters, and that you'd like to come here to talk about them. I also understand you're now working for the utility and not corporate and therefore can talk about the CSI program and how this all fits into the utility's administration of it. I'd like to hear what you have, and please bring someone who knows how the CSI program, especially the utility's part of it, works. I've already spoken with Doreen about this and have expressed this desire to her as well. I assume you've received my list of questions I sent to Linda and Doreen (a couple of months ago).

So when do you want to do this? I hear you offered 7/29; I usually telecommute Thursdays, so I'd like to try for another day if it's not too inconvenient. Otherwise, for the sake of these old ivy covered walls (me, not the building), I'd probably be willing to make the sacrifice (if you promise, really promise it would be worth my travel time), so let me know what you can do on this.

Thanks, Erik.
Looking forward to seeing you again.
Jack
